To the Inhabitants of the Milton Mills Fire District in the Town of Milton, qualified to vote in District Affairs:

You are hereby notified to meet in the Fire House in said District on Saturday the 15th day of March, 1958 at 8 o'clock p. m. to act on the following subjects:

1. To choose a Moderator for the following year.
2. To choose a Clerk for the following year.
3. To choose a Treasurer for the following year.
4. To choose a Commissioner for three years.
5. To see what sum of money the District will vote to pay the Chief, the Assistant Chief, the First and Second Engineers and the Firemen in addition to the amount allowed by law, and the hourly rate of pay to the aforementioned men while fighting fire in the District, in the Town, in surrounding towns and to pass any other vote or votes relative thereto.

6. To see if the District will vote to raise and appropriate a sum of money not to exceed $2,000.00 to pay the operating expenses for the ensuing year and to pass any other vote or votes relative thereto.

7. To see if the District will vote to authorize the commissioners to borrow on notes of the District if necessary in anticipation of 1958 taxes.

8. To transact any other business that may legally come before the meeting.

Given under our hand and seal at Milton Mills, N. H., this 8th day of February, 1958.

ROBERT W. PAGE,
WILLIAM J. MADDEN,
FRANK N. TAYLOR,
Commissioners.

A true copy of the Warrant—Attest:

ROBERT W. PAGE,
WILLIAM J. MADDEN,
FRANK N. TAYLOR,
Commissioners.

Report of the Milton Mills Fire Chief

To the Voters and Commissioners of the Milton Mills Fire District:

The following calls were answered in the District from January 1, 1957 to December 31, 1957:

1 building fire
1 chimney fire
1 lost person

The following calls were answered outside the District from January 1, 1957 to December 31, 1957:

3 calls for stand-by duty (Milton, N. H.)
1 forest fire (Springvale, Maine)
2 building fires (Wakefield, N. H.)
1 grass fire (Acton, Maine)
1 chimney fire (Acton, Maine)
1 forest fire (Acton, Maine)
1 dump fire (Milton, N. H.)
3 building fires (Acton, Maine)

As of June 1, 1957, with the permission of the Commissioners, the firemen acquired a 550 gallon tank and installed it on the old 1939 Ford chasis, thus making three trucks in our department. One pumper and two tankers with a carrying capacity of 1,450 gallons of water.

At this time I would like to thank the Greene Tanning Corporation for their cooperation with our department. They have repaired, painted and kept in order the two hydrants in the lower part of our village; they also let us keep our 1939 Ford truck in the boiler room building, pay to have the road cleared in the winter; have given all old members of the department training in starting the rotary pump in the engine room. This is the pump that feeds the hydrants. They

also let us install a red fire phone in the boiler room and have made it clear that they would do all in their power to help us at any time.

Thanking all for their efforts and cooperation.

DAMON PIKE,

Chief.

SCHOOL WARRANT

To the Inhabitants of the School district in the town of Milton qualified to vote in district affairs:

You are hereby notified to meet at the Town House in said district on the eighth day of March 1958, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will continue to include the sum of $2,500.00 to the estimated capital reserve fund for building a school Auditorium-Gymnasium in Milton.

10. To see if the school district will vote to become a part of a cooperative secondary school district comprising the present school districts of Farmington, Middleton, and Milton.

11. To see if the district will elect one or two representives to work with others elected by the other district for the purpose of preparing a budget for the proposed cooperative district.

12. To see if the school district will adopt as its school check-list the Town check-list, as provided in RSA 197:12a, as inserted by laws of 1957, chapter 57; this provision to be effective for the 1959 and subsequent annual district meetings.

13. To transact any other business that may legally come before this meeting.

Given under our hands at said Milton this day of February 1958.

REPORT OF THE PRINCIPAL OF THE MILTON ELEMENTARY SCHOOLS

Milton

Milton Mills

To the Superintendent of Schools, the School Board, and the Citizens of Milton:

I herewith submit my second annual report:

PERSONNEL Mrs. Marion Stanley, known to all of you, replaced Mrs. Foster as teacher of Grades 6 and 7 and Mrs. Zoe Wormwood who formerly taught in Maine replaced Mrs. Kimball of Grades 4-7 at Milton Mills. Mr. Leslie Anderson began his duties as janitor of the Milton School in June of last year. Miss Angelica Duchesneau, Supervisor of Vocal Music, divides one day a week between the two schools. Mrs. John Bassett gives instrumental music instruction to selected students one day a week at Milton.

Your teachers continue to maintain their membership in National, State, and Local professional associations and to hold offices and appointments on local and regional levels. Mr. Folsom attended the Summer Session at the University of New Hampshire and is currently taking an Extension Course at the same institution.

INSTRUCTION The teachers have made this year a careful survey of the textbooks, workbooks, and reference materials which are being used in all grades. The results of this survey are being used to help determine the areas of strength and weakness in the curriculum and to assist in more efficient purchasing of new books.

The schools have started to use this year a new, 12 year permanent record card system which will en-

able the teachers to record on one card the scholastic achievement of a pupil from Grade 1 through High School. This system, with the Health record card, and the individual pupil's record folder provides the school with a wealth of information about the past performance of each pupil. The contents of these records naturally must be confidential and pupils usually do not learn the results of the Standardized tests which are given each year. You, as a parent however, will always be entitled to a knowledge of the progress your child is making in school. You are cordially invited to visit the school at anytime and discuss with the teacher and the principal your child's progress.

We continue to have the service of the Bookmobile from the N. H. State Library and this year with a donation of $25 from the Milton Woman's Club we are beginning to establish a "New Hampshire Bookshelf" with books about New Hampshire or by New Hampshire authors.

FIELD TRIPS: During the year the second grade at Milton visited the Post Office and the Railroad Station as part of their Social Studies Program. The generous cooperation of Mr. Pinkham and Mr. Wentworth which made these visits possible is much appreciated. During Fire Prevention Week Mrs. Lowd's room visited the Milton Mill's Fire Station and Chief Herbert Downs demonstrated the new Milton Fire Truck on the School Playground for all of the Milton children. We appreciate very much the effort made by the firemen and the time which they take from their regular jobs to demonstrate and explain this equipment. As a further service the Fire Departments check the fire extinguishers at both schools.

Last spring, Milton's representative, Mrs. Ruth Dawson invited the pupils of Grade 7 to be her guests at a session of the state legislature. Before making the

trip the pupils studied under Mr. Folsom's direction the various divisions of the state government and the operation of the legislature. The children were especially fortunate on the day of their visit to see the Senate and the House in Joint Session to honor the 25th wedding anniversary of Gov. and Mrs. Dwinell. They toured the state capitol and after lunch had an opportunity to visit some of the buildings which house our state government. On any day there are many school groups visiting the capitol buildings. The fine behavior and understanding exhibited by these pupils during the day was a credit to Milton and to their parents.

Near the end of the school year Mrs. Kimball took her pupils to York Beach for a day's outing. Before leaving at the end of the year Mrs. Kimball turned over to the Principal an accounting of all money used for the trip and at her request used a small balance to purchase an electric extension cord for use at the Milton Mills school.

NEW EQUIPMENT: The Milton P.T.A. purchased for the Milton School a magnetic tape recorder during the summer. As the teachers acquire skill in using this new machine it will be put to ever increasing use. With money from a rummage sale and from the sale of pictures at Milton Mills the principal purchased for that school a new 4 speed record player.

HOT LUNCH PROGRAM: Mrs. Stowe continues to plan and prepare the meals ably assisted by Mrs. Cheney. In August they both attended a three day workshop for Hot Lunch Workers held at Plymouth Teachers College. During American Education Week about eighty parents were served for supper a typical hot lunch meal, thus giving them an opportunity to better understand the operation of the program.

SCHOOL PLANT: During the summer Mr. Anderson painted the kitchen and girl's basement and installed new locks on the outside doors. He also removed a section of the coat rack from the second floor hallway and recessed the freezer into the wall thus making possible better use of the dining area. Early in the

fall a new steel flagpole was erected at Milton. The hallway at Milton Mills was painted and several new window sash installed.

This year's budget as presented by the School Board reflects the steady growth that is taking place in your schools. When I came to Milton a year ago the enrollment was 141 pupils; next September it will probably be 170. Such growth will tax the plumbing facilities, the kitchen and dining area, and the efficiency of the teaching staff.

The continued confidence and support of the Superintendent, the School Board and the citizens and parents of Milton has been a much appreciated source of encouragement during the year.

Respectfully submitted,

JOHN B. FOLSOM,

Principal.

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools, the School Board and Citizens of Milton:

I herewith submit my annual report as school nurse.

During the fall months all children in the elementary schools were weighed and measured. This procedure is an extremely useful educational device for interesting children in their own health and growth. Their teeth were also checked and it was gratifying to find that most of the children were practicing good dental hygiene; however there are many who still need care and treatment by their dentist.

In September, all pupils at Nute High School who participate in sports were given a physical examination

by Dr. Lord, the school physician. In October the children in the first four grades were also examined by Dr. Lord. Wherever an abnormal condition existed in any pupil the parents were notified and advised to consult their family physician.

There was no epidemic of a communicable disease during the year, just a few cases of the following: chicken-pox, mumps, whooping cough, German measles and one scarlet fever.

Four polio clinics were conducted at Farmington, during the school year. The age limit was raised to nineteen years which afforded the pupils at the High School an opportunity to participate. The response was excellent. Two hundred and twenty-nine pupils received three innoculations of the vaccine and the "Pioneer" group of twenty-one were given a "booster" shot, to insure a better immunity against polio.

Vision tests were conducted in all schools. Defects noted were reported to the parents who were advised to have their child given a more thorough examination by their optician.

An Individual Maico Audiometer was purchased this year and was of great help in securing more accurate results in the hearing tests.

I wish to express my sincere appreciation to the School Board, Superintendent, the teachers and the parents for their support and co-operation during the past year.

Respectfully submitted,

ESTHER T. POLAND, R. N.,

School Nurse.

REPORT OF THE PRINCIPAL OF NUTE HIGH SCHOOL

To the Superintendent of Schools and Members of the Board of Trustees:

Nute High School's sixty-seventh year began on September 4, 1957, with a total enrollment of one hundred thirty-four pupils. Withdrawals and transfers have reduced the registration to one hundred twenty-seven divided as follows: Seniors. 21; Juniors, 23; Sophomores, 33; Freshmen, 27; Grade Eight, 23.

The State Department of Education has recommended increasing the school's offerings by one each in mathematics and the arts to meet the proposed minimum requirements.

Since the unexpected death of Mr. Foster, Mr. Lenox Stevens replaces Mr. Kimball in Science and Mathematics; Mr. James Davidson is teaching Social Studies, V. S. History and English 9, 10, 11; Mr. Stuart Whipple is teaching English 12 and French.

The Home Economics department has continued to serve the school with helpful projects, including curtains and paint for the girls' room, decorations for our Christmas party, and a book-covering contest.

The Industrial Arts groups have been very helpful with repairs and refinishing projects around the school.

The English classes continue to use Practical English, English Workshop, and the educational edition of the Reader's Digest to good advantage, in addition to other materials and books.

The Nute *Flash* continues, with Miss Goodwin and Mr. Davidson as advisers. Some very noteworthy articles, poems, and editorials have appeared, and we

have received compliments from other schools on the quality of our school paper.

To help reinforce what is read and said in class, films and filmstrips are being used in many classes. Educational trips have been taken, with a trip by the seniors to the UNH library, where there are over a quarter of a million books; a trip to Boston's Science Museum to see the satellite exhibit, with stops at the U.S.S. Constitution and Bunker Hill Monument; and a tour by the Home class to see new homes under construction and to compare various types of architecture, including the new million-dollar Memorial Union Building.

The late arrival of a new Geometry text has been note-worthy, in that it has proved to be "worth waiting for"—the class is very industrious, and earning grades of "C" or better.

The Kuder Preference Test has been given to the freshmen to help them compare their interests and abilities.

During Education Week, a supper was prepared under the direction of Mrs. Hayes and Mrs. Boyd, and the thirty-three parents who attended had an opportunity to confer with the teachers.

Several items in the Athletic department should be mentioned:

(1) The cheerleaders have new outfits, thanks to the hard work of Mrs. Prentice and her "stitchers."

(2) The employees of Spaulding Fiber Upper Mill voted to purchase new basketball uniforms for both the boys' and girl' teams.

(3) A sportsmanship award is given for each team sport to the team member who best represents the ideals of dependability, character and cooperation.

The school has operated very smoothly this year, thanks to the efforts of the staff and the active cooperation by a large majority of the students. To the students especially, my sincerest thanks.

I also wish to thank the superintendent, the trustees, and the townspeople for their encouragement, support, and cooperation.

Respectfully submitted,

STUART K. WHIPPLE,

Principal

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Milton:

Recently, the Department of Education issued a bulletin entitled, "Minimum Standards and Recommended Practices for New Hampshire Secondary Schools Grade 9-12." The Standards established by the Department are to be effective as of September, 1958 and after that date, schools that fail to meet the minimum will not be approved.

A team of representatives from the Department of Education will visit Nute High School and evaluate its program and facilities. These visits have a double purpose: first, to make clear to the superintendent of schools, and through him to the school board and the community, just what steps must be taken before September of 1958 if the high school is to be approved during the school year 1958-1959; second, to point out those aspects of the school plant and program which are in urgent need of attention if the school is to be something substantially more than a minimum school.

At this present writing, your superintendent is

confident that Nute High School will meet these minimum standards. As soon as the representatives from the State Department of Education make their evaluation a full report of the recommendations will be submitted to the school board, the board of trustees and to the general public.

At the request of the school district meeting of March 9, 1957 as voted on special article Number 11 with amendment, results of studies made on housing have been distributed. These include proposals for a cooperative school district, additions to Nute High School and a cooperative school district, additions to Nute High School and additions to the Milton Grammar School. Every eligible voter is encouraged to read and study these reports carefully so that he will be better informed and better qualified in making decisions which will have far reaching influence in the future of your community. EDUCATION OF OUR CHILDREN IS EVERYBODY'S BUSINESS.

Due to increased enrollment in the Milton Grammar School it will be necessary to budget for an additional teacher for the coming year. The projected pupil assignment for the year 1958-1959 is as follows:

The School District of Milton should doubtless continue an active consideration of a consolidated organization of grades. At present there are eight elementary teachers (Grades 1-8), not counting Principal Folsom. There are now four classrooms with more than one grade, one having four grades. No other classroom in supervisory union No. 44 has four grades. With the present staff, each classroom could have one grade only, and not be crowded.

In conclusion, may I thank the school personnel, the Milton School Board, The Board of Trustees and other citizens of Milton for their cordial cooperation.

Yours respectfully,

ROMAN MARTINEAU,

Superintendent of Schools.

Report of the Commissioners of the Milton Water District

Your Commissioners submit the following report for the year 1957.

At the 1957 regular meeting it was voted to extend the water main along the Farmington Road to the District limit. In attempting to carry out the vote it was found necessary to hold a special meeting to legalize the previous one in regards to raising the necessary funds. This was done and notes on the district were given in the amount of $10,000.00 for ten years.

A six inch main of transite pipe and three hydrants were laid to the District line, and are now in operation with two services connected.

Although many water systems had to conserve water during the long dry spell, the lake which in some ways controls the water level in our twelve wells, dropped to its lowest level in recent years, did not seriously

effect our source of supply. We did experience some difficulty in pumping the amount required, owing to worn out pumps which have been in constant use twenty one years. After waiting about two months for parts to be made at the factory in N. Y. where they were purchased, one set were completely overhauled and are now pumping at the same capacity as when new. The other set will be reconditioned this year.

We have had several service repairs, mostly in galvanized pipe and expect more as it seems to have reached a point where it is not practical to repair and will have to be replaced with copper tubing.

We believe the overall condition of the system is reasonably good and expect no serious trouble in the near future.

STANLEY C. TANNER,
FRANK E. McINTIRE,
SHELDON W. DAMON,

Commissioners.

STATE OF NEW HAMPSHIRE

To the inhabitants of the Milton Water District in the Town of Milton, qualified to vote in the district affairs.

You are notified to meet in the Engine House Hall in said district Saturday, the 15th day of March, 1958 at seven thirty o-clock in the afternoon to act on the following subjects:

FOREST FIRE PREVENTION IS EVERYBODY'S BUSINESS

New Hampshire faces a continuing challenge in its forest fire problem—97 per cent of all our forest fires being man-caused and preventable—a serious indictment of interest in our own welfare and that of our neighbor. Both the State and the towns are striving diligently to effectively meet the challenge through education of the public to the threat fire presents to our woodlands, by maintaining a well trained corps of wardens in every community and by providing ample opportunity for all who wish to dispose of unwanted waste materials. Careless and perverseness, however, continue to be the big hurdles.

Thoughtlessly discarded lighted cigars, cigarettes and matches from moving vehicles, by hikers, hunters and fishermen; careless burning of debris during hazardous periods in dangerous locations; illegal burning, improperly extinguished debris, camp and cook fires—all result in serious loss of property, disruption of industry and farm work and unnecessary expenditure of town and state funds.

To meet the challenge successfully, the state, your community and your local forest fire warden need YOUR thoughtful and cooperative effort—The rules are simple.

1. Don't burn at home—use your town dump and avoid all fire problems.

2. If you do burn, be sure to secure a written permit from your local forest fire warden when the ground is not covered with snow. Permits are required for open debris fires, home incinerators, outdoor fire places and camp fires. Your warden is instructed to permit burning if weather conditions, site and type of burning are safe.

3. Be sure that all lighted material—cigars, cigarettes and matches—are completely out before discarding them. Use ash trays in automobiles.

4. Make certain that your debris, camp and cook fires are completely out before leaving them.

5. Insist that others be careful and comply with burning requirements.

6. Call the warden promptly when fire is detected and aid him to extinguish it.

REMEMBER—the fire you prevent might be the one which could burn YOUR property.
REMEMBER—FOREST FIRE PREVENTION is

EVERYBODY'S BUSINESS and our MOST IMPORTANT UNDERTAKING

1957 FOREST FIRE RECORD FOR YOUR TOWN
